PROFESSIONAL EXPERIENCE

Forensic Psychiatry Associate, Forensic Psychiatric Associates, Inc.

Jul '22

– present

Description: I perform forensic psychiatric evaluations in civil and criminal legal matters and provide consultation to attorneys regarding issues at the interface of psychiatry and the law. Evaluations might include those for insanity, guilty but mentally ill, sentencing (mitigation, diminished capacity, automatism and other affirmative defenses), release of insanity acquittee, competency to stand trial, competency to testify, medical malpractice, emotional damage and psychiatric disability, worker's compensation, fitness for duty, guardianship, conservatorship, psychological autopsy, brain injury and memory impairment, suicide risk assessment, violence risk evaluation, sexual violence risk appraisal, and malingering evaluations.

Inpatient Psychiatrist, University of Utah Department of Psychiatry

Jul '22 –

present

Description: I am currently an assistant clinical professor working parttime on the inpatient psychiatric unit at the Huntsman Mental Health Institute. I evaluate and treat individuals with severe mental illness with pharmacotherapy and brief-interventional psychotherapies who require emergent hospitalization and care. Patient populations include those suffering from schizophrenia and other psychotic disorders, bipolar disorder, depressive disorders, posttraumatic stress and other trauma-related disorders, borderline personality disorder, and other neuropsychiatric conditions. I also instruct and supervise psychiatric trainees directly and through didactic teaching.

Outpatient Psychiatrist, University of Utah Department of Psychiatry

Jul '22

– present

Description: I am currently an assistant clinical professor working parttime at the Huntsman Mental Health Institute Downtown Clinic. I evaluate and treat individuals with severe mental illness with pharmacotherapy, cognitive behavioral therapy, dialectic behavior therapy, acceptance and commitment therapy, and existential psychotherapy. Patient populations include those suffering from bipolar disorder, depressive disorders, anxiety disorders, posttraumatic stress and other trauma-related disorders, obsessive-compulsive disorder, borderline and other personality disorders, attention-deficit disorder, neurodevelopmental disorders, and other neuropsychiatric disorders that can be managed in the outpatient setting. I also instruct and supervise psychiatric trainees directly and through didactic teaching, both at the Huntsman Mental Health Institute Downtown Clinic and at Idaho State University Student Health Clinic in Pocatello, Idaho.

Forensic Psychiatry Assistant, Trent Holmberg, MD

Oct '20 – present

Description: My role as a forensic psychiatry assistant was to review and summarize various medical records and legal documents to be included in forensics reports. This required attention to detail as well as efficiency to assure minimal charges were incurred to retaining parties.

Civil Commitment Designated Examiner, State of Utah

Sept '20 – present

Description: As a designated examiner for the state of Utah, I evaluated patients in the Salt Lake City valley under civil commitment on a bi-weekly basis. I then testified as to their required level of psychiatric care, as well as their risk to self and others, guided by federal and state statutes for civil commitment. Ten to twenty patients were typically evaluated weekly with each individual requiring individual testimony and cross-examination.

Associate Physician and Director, Huntsman Mental Health Institute

June '20 – June

'21

Description: I served as both treating physician and director of clinical care, performing medical evaluations for inpatient admissions to the Huntsman Mental Health Institute. Additionally, I coordinated physician schedules and liaised between other associate physicians and the hospital system. Administratively, I was responsible for assuring quality care and billing metrics were met for all patient encounters.

Medical Director and Staff Physician, De Novo Services

Jun '19 – Jan

'21

Description: My roles at De Novo Services ranged from being a treating psychiatrist to medical director. The clinic offered psychiatric care for both civilian patients struggling with addiction (MAT) as well as medication management for patients under the purview of the Federal Bureau of Prisons. My role as a medical director entailed assuring compliance with federal and state guidelines in providing care for these individuals.

Consult and Liaison Psychiatrist, University of Utah

Dec '18 –

Dec '20

Description: As an employee at the University of Utah, I functioned as a consult-liaison psychiatrist. I corresponded with primary teams on a wide range of units including oncology,

burn, neurology, surgical care units, Ob-Gyn, and ICU services one to two weekends per month. Consults conducted included new patient assessments and short-term follow-ups for those acute psychiatric and medical conditions.

Transition Psychiatrist, Huntsman Mental Health Institute
'19

Nov '18 – Nov

Description: As a psychiatrist in the University of Utah Transition Clinic, I saw patients recently discharged from inpatient psychiatric care. Many such individuals often experience significant lapses in time before outpatient treatment. My role was to bridge psychiatric care and management for these subacute patients and assess the need for varying levels of continued care.

Molecular Biology Instructional Specialist, University of Arizona
'14

Dec '08 – Jan

Description: As a molecular biology instructor I was promoted from teaching assistant as an undergraduate to full-time University of Arizona staff through the college of science. I helped design and implement lesson plans and coursework for university science courses. I was the primary instructional specialist working under the course director and assisted him in forming a two new college courses. In sum total, I taught 21 sections and over 500 university students throughout my five-year tenure as a molecular biology lab instructor.

POLICY AND LEADERSHIP EXPERIENCE

Grants

- **Request for Proposal (RFP) (2023):** Drafted an educational grant for the formation of a Forensic Psychiatry Fellowship through the University of Utah School of medicine, allotted under State House Bill 0295.
- **GME Wellness Grant (2020):** Secured funding for joint philanthropy initiative partnered with the University of Utah Internal Medicine and Neurology Training Programs.

Public Policy

- **Utah Insanity Defense Work Group**, Utah State Government 2020 – 2021
Contribution: I helped craft legislative proposals and spoke before the state senate regarding the design and implementation of a not guilty by insanity (NGRI) defense in the state of Utah.
- **Global Health Externship**, Hospital General de Nogales 2014
Contribution: While working in Nogales, Mexico, I assisted clinicians in admission, assessment, and treatment in the Emergency Department. Illness severity ranged from general wellness visits to critically ill and surgical patients.
- **Clinical and Public Health Coordinator**, HealthYouth 2010 – 2013
Contribution: First, as a clinical volunteer for the non-profit organization HealthYouth (formerly Imaginations Inc.), I lead a public health campaign in an impoverished district in Trujillo, Peru and assisted in three different medical clinics. I was later asked to work as a coordinator to organize informational and recruitment sessions as a liaison for the organization. I then traveled with student volunteers to coordinate clinical operations in Huancayo, Peru

University of Utah Adult Psychiatry Residency

- **Chief Resident**, University of Utah Department of Psychiatry 2020 – 2021
Contribution: In my fourth-post graduate year (PGY4) of Adult Psychiatry Residency, I met weekly with other members of the residency training team to review the residency program progress, policies, and procedures. I also served as chairperson for resident meetings, bringing concerns to the Residency Education Committee in a timely manner. As a chief resident, I was integral in recruitment via applicant selection and interviewing. Finally, I counseled residents independently and confidentially when they noted cause for concern and/or wanted to suggest a change to program and hospital policies.
- **Assistant Chief Resident**, University of Utah Department of Psychiatry 2019 – 2020
Contribution: I was elected as the sole third-year resident to represent the program and advocate on behalf of the residents to the Department of Psychiatry and University as a whole. While in this role, I created on-call schedules for the residents on all psychiatry services at the University and provided or assigned back up for on call residents in urgent situations, as needed.

University of Arizona College of Medicine

- **Mental Illness and Neuropsychiatric Disorder Clinic**, UACOM 2015 – 2017

Contribution: With faculty support, I founded a student-run clinic to provide mental healthcare for the underserved and underinsured. This was done with the intent to provide care for mentally ill patients and through my coordinating patients with various attending physicians, social programs, and agencies throughout the University of Arizona and local community. I also managed other student coordinators in charge of patient care coordination, physician scheduling, refugee-assistance programs, and social work/psychology graduate school. The clinic is still operational and continues to serve people in the Tucson community.

- **Higher Health (Founder)**, Higher Ground Resource Center 2014 – 2016

Contribution: As a founder of this program, I established a public health education initiative with a local resource center for underserved youths. Topics included sex-education, substance use education, and promoting healthy behaviors.
