CURRENT POSITIONS

Forensic Psychiatry Associates
Mill Valley, CA
2024-present

Forensic evaluations with child and adult populations, with court testimony as required.

Grove Emotional Collaborative
Ann Arbor, MI
2022-present

Provide for diagnostic therapeutic needs of children aged 6 through adulthood. Mindfulness practices are incorporated in therapeutic approaches to improve self-awareness and management of thoughts and emotions.

PREVIOUS PROFESSIONAL EXPERIENCE

School Psychologist

Ann Arbor Public Schools
Ann Arbor, MI
2008 to 2021

Provide assessment, evaluation, and short-term intervention services for K-12 students, along with servicing hearing impaired and Autism Spectrum Disorder (ASD) students in both self-contained and general education programs. Responsibilities include collaboration with AAPS staff and other school districts on equity and disproportionality issues, developing and implementing professional development opportunities in the areas of mindfulness, brain-based learning, gender differences, traumatic responding, ASD diagnosis and intervention as well as parent support. Developed Transition program for parents of middle school students in 2013. Served as Training Liaison for University of Michigan research study on mindfulness in 2010. Currently using Mindful Schools curriculum in classrooms and provide professional development in the areas of mindfulness, social emotional learning (SEL) and trauma-informed practices. Recently trained as Community Champion for the Michigan Statewide Adverse Childhood Experiences (ACES) Initiative.

School Psychologist

Washtenaw Intermediate School District
Ann Arbor, MI
1996 to 2008

Provided assessment, evaluation and short term intervention services for severely multiple, cognitive, hearing impaired populations as well as ASD students in both center based and out-center programs. Worked on numerous grant projects in collaboration with University of Michigan's Physical Medicine and Rehabilitation Department faculty, Rosebud Foundation and Eastern Michigan University Department of Psychology. Served on the AI Rule Change Committee for the State of Michigan and the ASD Workgroup, 0-5, Assessment Subcommittee. Developed a work group that studied how mindfulness principles could impact education in 2000, which included exploration of Stress Free Schools initiative. Responsibilities include local district consultation for inclusion students as well as developing and implementing professional development opportunities for 30 local school psychologists and other ancillary staff. Assist in coordinating local mental health resources with educational programming.

Psychologist

Huron Valley Center
Ypsilanti, MI
1994 to 1996

In a unique correctional facility, duties included testing and assessment of psychiatric inmates, conducting individual and group treatment programs. Utilized behaviorally based interventions such as progressive muscle relaxation. Other significant responsibilities include:

- Departmental Quality Management
- Smoking Cessation Program

Psychologist

Walter Reuther Psychiatric Hospital
Westland, MI
1991 - 1994

Duties included testing and assessment of patients as well as conducting individual and group treatment programs.

Served as facility-wide Coordinator for:

- Quality Management
- Treatment Planning
- Utilization Review
- Smoking Cessation Program
- Dependent Placements

Psychologist

Ypsilanti Regional Psychiatric Hospital
Ypsilanti, MI
1989 - 1991

Duties included assessment and treatment of geriatric patients. Developed a foster grandparent program, sign language, and reading and social skills groups for older adults. Designed and implemented behavioral programs in conjunction with medical staff, including an exercise program to increase cardiovascular health of COPD patients.

Psychologist

Traverse City Regional Psychiatric Hospital
Traverse City, MI
1986 - 1989

Provided assessment and treatment for both acute and chronic patients. Served as the Adjunct Faculty Supervisor for MSU medical students during psychiatry rotation. Developed behavioral programs for emotionally impaired patients in conjunction with Traverse Bay Area Schools (TBA) at the New Campus (Special Education) program. Active member of the Behavior Management Committee.

Psychologist

Ypsilanti Regional Psychiatric Hospital
Ypsilanti, MI
1984 - 1986

Conducted intelligence, personality and neuropsychological testing. Designed individual treatment programs and a token economy system. Assisted in the development of

hospital-wide programming for patients. Received MI Department of Mental Health Behavior Management Award for innovative treatment program to decrease self-injurious behavior.

Mental Health Professional

Washtenaw County Community Mental Health
Ypsilanti, MI
1983 - 1984

Provided case management and individual therapy to chronic mentally ill clients.

Behavior
Modification Therapist

Macomb County Community Mental Health
Mount Clemens, MI
1983

Provided behavior modification treatment to developmentally disabled clients.

CONSULTATION

Psychologist

Livingston Psychological Services
Howell, MI
2017-2022

Direct services to meet the therapeutic needs of children and adolescents in the Livingston County area.

Dr. Elissa P. Benedek
Ann Arbor, MI
2006 – Present

Forensic evaluations with child and adult populations, with court testimony as required.

Dr. Richard K. Howlin
Chelsea, MI
2008-2019

Diagnostic evaluations for children and young adults, individual and group treatment. Co-collaborator on the development of Therapeutic Support Groups based on the interpersonalneurobiology theory of Dan Seigel. Use of mindfulness techniques with students with focus on improved emotional regulation and focus.

Honey Creek Community School
Ann Arbor, MI
1996-2016

Provided psychological evaluations and consultation to Honey Creek students, teachers and families.

Institute for Social Research
Child Development Survey-III
2007 & 2014

Served as the testing consultant for CDS staff to ensure reliable and valid administration of WJ-R subtests used in the assessment battery.
